

Seamus Flaherty

sflaherty357@gmail.com | 919-695-6009 | Wake Forest, NC 27587

Summary:

I have much experience working closely with my fellow employees and group partners, have a wide variety of coding languages in my belt, and am a great, dedicated worker. I have many data analytic and visualization skills including, but not limited to data wrangling and organization, bootstrapping and confidence intervals, linear regression, presentation of such data, and hypothesis testing. Through multiple projects, I have also built a great foundation for teamwork and communication. My experience in coding and data analysis has made working through related challenges easy for both my workmates and I.

Skills:

Programming Languages: C++, Java, Python, and R

Data Visualization and Data Analysis

Education:

Associates of Science from Wake Technical Community College

- 3.1 GPA at Completion
- Dean's List for Spring Semester 2023

Bachelors of Science for Statistical Mathematics at Appalachian State University (In Progress)
